DoD Information Sharing Update for WJTSC Plenary Session

Office of the Assistant Secretary of Defense for Networks and Information Integration
OASD(NII) and the DoD Chief Information Officer
Integrated Information Communications Technologies (ICT) Support (IIS) Directorate

Mr William (Bill) Barlow, Deputy Director

1 April 2010

Purpose

- **OASD (NII) Support to PR 11 and POM 12**
  - **Enable Department's unclassified information sharing strategic vision**
  - **Enable DoDD 1322.18**
- **Information Sharing Implementation Plan**
- **Current solutions available for unclassified information sharing in support of integrated operations**
  - **All Partners Access Network (APAN) (PACOM)**
  - **HarmonieWeb (JFCOM)**

PR-11 and POM- 12 Info Sharing for Response, Reconstruction and Stabilization

- **PR 11 recommended a DoD look at providing resources for an unclassified information sharing environment for the DoD Enterprise.**
  - **Requested central funding for FY 11-15**
  - **Effort was a success yielding $3M for the interim solution**
- **POM 12 seeks to improve upon the PR 11 effort and obtain a more formal endstate at reduced cost to the COCOMs and Services**
- **Stakeholders:**
  - **OSD, All COCOMs, Services**
- **Intended outcomes**
  - **Seek DoD enterprise level solution for non-class info sharing**
  - **Provides DoD entry point for external agencies to coordinate and collaborate on an unclassified level.**

DoD ISIP Focus Area 6

Develop an enterprise approach that enables sharing of unclassified DoD information in support of civil support and Stability Operations
